## Would Acquaint Area With Industrial Development

A film showing the great strides taken in industrial planning in the past decade will be shown to the New Lenox Chamber of Commerce at its regular luncheon meeting to be held next Tuesday, Feb. 28, in the Methodist church.

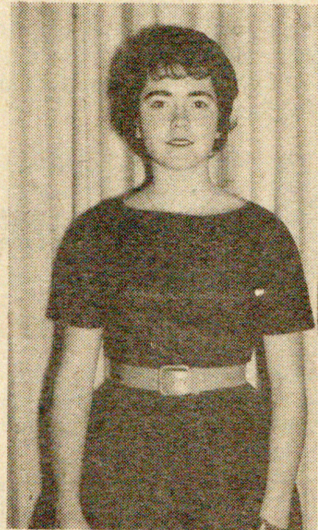

The film is to be shown by Sidney Westby, superintendent of the Joliet division of the Public Service Co.

Industrial areas are now laid out like housing developments, with broad paved streets, sidewalks and curbing, with the plants set back at uniform distances and the front and side yards landscaped and with trees and shrubs in many instances. These industrial parks, of

course, are for light industry such as communities in this area hoped to attract, Mr. Westby pointed out.

There are many of these industrial developments in the northwest suburbs and the roll-out of population and business from Chicago which began to the northwest is moving steadily southward and its effects are already being felt here, Mr. Westby said.

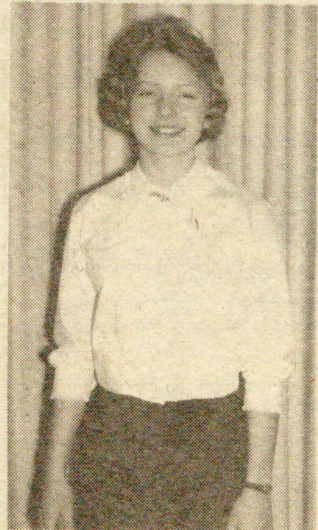

He has shown this film in Mokena and Frankfort and those in charge of the New Lenox program would like to have a large turnout there because they believe the story of industrial developments is important to the area.

## Tells How To Draft Ballot For Village

When the Frankfort village election ballot is prepared all candidates not running on a party ticket will be listed in a single column as independents. Village Attorney Albert H. Krusemark advised Village Clerk Walter Pfaff that such a ballot would conform to recent decisions of the Illinois Supreme Court.

## New Fire Truck For New Lenox Due Tomorrow

Four members of the New Lenox volunteer fire department left Tuesday for Lansing, Mich., where they were to attend school for two days at the John Bean Co., plant to learn the operation of the new fire rig purchased for New Lenox.

The men are scheduled to return with the truck tomorrow (Friday).

The New Lenox is in a fire protection district and the truck a pumper, was purchased by the board of trustees.

The men receiving schooling in the operation of the apparatus will in turn teach the other members of the department. The four who went to Lansing are, William Krohn, chief engineer of the department; Edward Falck, a captain; Wade Krohn, a lieutenant and Robert Lausing, a fireman.

The new truck cost \$18,000 but by the time it is equipped it is expected the figure will reach approximately \$22,000, it was said.

Warning will be listed in the column devoted to independents. Latest to file as candidates for trustees, who also will appear in the list of independents, are Orville Schinkowski, 210 S. Water st., and Wayne DePora, 112 W. Kansas street, a former board member, who are running for the two year term; and for full terms (four years) as trustees, are George A. Zwolinski, 9 N. White st., Harry W. Schwesow, 323 N. White, and Walter Schoen 124 S. Maple.

Sangmeister, Pfaff, seeking re-election; Milton Subbert, trustee seeking re-election, Wilbert Klier, running for trustee and Herbert Folkers, seeking re-election as police magistrate, will run on a ticket as a party Independent No. 1.

Next Monday, Feb. 27, is the last day for filing.

## Confused Driver Draws Fine Of \$100 In Mokena

Making his rounds one night last week, Vernon Bormet, appointed on the day shift to the Mokena police department but filling in at the time on the night turn, noted a car proceeding along Third st. in jerky fashion, something like a measuring worm.

"In trouble?" Bormet inquired.

"Yes, I am," confessed the man at the wheel. He didn't say so but questions by Bormet revealed the stranger to be in somewhat the same predicament as one of the early explorers, he didn't know where he was, he didn't know where he was going and he didn't know where he had been.

He had no driver's license but he did have a car license. The license gave his name as Niles Newton and his address

as 307 E. Jefferson st., Joliet, and was issued for a Mercury. It so happened that he was in a Chevrolet. He had no keys for the car and trying to navigate it by using the starter, thus accounting for the erratic motion. Had the battery been as strong as Newton's breath, Bormet pointed out, the car might have zoomed.

About this time Mrs. Eric Book arrived on the scene to identify the car as hers. Search disclosed Newton's car conked out and abandoned in the middle of the street. He had abandoned it and boarded the first unattended car he saw, which was the Books.

Newton's car was impounded. He was taken before Justice of the Peace August Werner and fined \$100 and costs. He was then taken home.

DECAL QUEEN contestants at Lincoln-Way are all assured of special billing at the Lincoln-Way Band Boosters spring dance to be held at the school April 8 but which one will be crowned queen will depend upon how much money her community spends for decals. Each decal is numbered and the number assigned to the buyer's name. A record is kept so the decal is an identifying mark for a car as well as a means of raising money to aid the Lincoln-Way high school band. Each contestant represents a community. Sue Mazurek, a freshman, is from Mokena; Pam Clark, a sophomore, is from New Lenox; Leona Guzik, a senior, resides at Frankfort, and Alice DeLay, also a senior, is from Manhattan.

# L-W, Sandburg Tie In District Speech Contest

Carl Sandburg and Lincoln-Way tied in the state district speech contest held at Lincoln-Way on Saturday, Feb. 18. Both speech teams easily outdistanced the other with totals of 28 points each.

In the dramatics festival Homewood - Flossmoor won first place with the play, "Top of the Ladder". Carl Sandburg was rated second with "Look Homeward, Angel". Lincoln-Way finished fifth with "Moon-Cap Mugford".

Lincoln-Way was surprised

by a Carl Sandburg team that had finished quite a distance behind them at the recent conference speech contest.

Both winners were awarded the winners trophy by the Illinois High School Association. Homewood - Flossmoor was second and Rich finished third.

Coach Mel Donaho was gratified with victory by his Lincoln-Way squad. It is the second straight year that Lincoln-Way has won the district meet. Last year they won at St. Anne's.

The first three in each contest will go on to the sectional contest March 11 at Reavis High School in Oak Lawn. The dramatics and debate will be held at Reavis on March 4.

Mike Tate of Lincoln-Way finished third in extemporaneous speaking behind Pemle King of Carl Sandburg. They will go to the sectional meet.

James Lakin won the original oration as he did at SWS Conference and will go to the sectional.

In Comedy Reading Lincoln-Way's Larry Brolich placed first and will make the trip to

Reavis.

Tim Mathews of Lincoln-Way finished second, behind Don Franks of Carl Sandburg. Both will represent the Lincoln-Way district at Reavis.

Pat Loucks will represent Lincoln-Way in two areas of individual events at Reavis. She finished second in Prose Reading and third in Verse Reading. She is the only contestant who will compete in two contest at the regional level.

Sue Bloomquist will be the sixth participant from Lincoln-

Way in the District Contest. She is in the Original Monologue.

Serious Reading and After-Dinner Speaking are the only two events that Lincoln-Way failed to have winners. Dennis Porick scored in After-Dinner Speaking as he placed fifth. Resume of Team Scoring: Carl Sandburg 28; Lincoln-Way 28; Homewood-Flossmoor 21; Rich Twp. 19; Aurora West 15; Aurora East 13; Aurora Madonna 4; Mokena Sacred Heart 2; Mokena heart 1; Crete-Monee 0.

## N. Lenox School Board Votes \$200 Pay Hike For Teachers

Grade school teachers of Haven and Oakview schools in New Lenox will receive a \$200 increase in the salary schedule, "across the board," it was agreed by the grade school board Monday night at a regular meeting.

Two proposals had previously been submitted to board members, one by the teachers and the other by John Oster, superintendent of the school. The increase adds \$200 to the base pay on each present salary step and added additional years of increment. This raises the base starting salaries at the schools from \$4,200 to \$4,400.

Six persons were present and approached the board on the annexation of an area along Route 6, extending about a half a mile north. The families would like to separate from Homer school district 33-C and come into the New Lenox district 122. Approximately 160 acres of land are involved as well as 13 families. There are 23 prospective school children of which 11 are presently in grade school.

Oster explained to the residents that two thirds of the persons living in the area must sign a petition which must then be submitted to the county trustees. The board appeared favorable to the request but the group must present the proposition to the Homer board. The parents said since their older children are in the Lincoln-Way high school district they would like to have the younger children in the New Lenox district.

Three fourth grade teachers were present to confer with the board James Creighton, Mrs. Donna Kruk and Mrs. Floyd Mundt. It has been the policy of the school board to invite teachers in a particular grade level to come to a meeting and discuss problems, requests and in general get acquainted with the board. Prime request of the fourth grade group was for more supplementary readers.

Oster announced that a science workshop will be held at Oakview school, starting March 14. There will be nine meetings, each lasting 2 1/2 hours. They will begin at 7 p.m. This workshop, under the guidance of Will county school office, is open to all elementary teachers in the area. An arrangement, called Title III, sponsors the workshop, provides for the payment of the instructor and furnishes all materials. There is no cost to the school. The possibility of remuneration to the teachers attending from New Lenox was discussed by the board. Although not available for college credit, it does allow professional growth credit and could be taken into salary consideration.

Oster told the board that he has two appointments to interview new teachers for the school year 1961-62. Tentatively a sixth grade and a second grade teacher will be needed. Friday Oster will go to Eastern Illinois Teachers College and on March 9 he will go to Western Illinois Teachers college. The board approved the purchase of 102 lockers for Oakview school, at a cost of \$16,600 from Joliet Office Machines. The school will receive 10 to 15 per cent credit on the return of 80 lockers previously purchased. It was agreed to pay a

part-payment of \$1,000 to the firm on the order.

Other routine business was conducted. The board okayed the increase of two insurance policies on the boilers of the two schools, from \$50,000 to \$200,000 and \$300,000.

Board members also vetoed

the proposal of an audit of the school books by an outstanding firm. This would cost about \$500. Since the service is supplied by the Will county superintendent's office, members felt that it was unnecessary to spend the money.

## Defers Action On Mokena Teachers Salary Schedule

A discussion of the salary schedule and increases occupied a major portion of the Mokena school board meeting Tuesday, Feb. 14, when the group met at the Carpenter Street school.

Other than discussion, further action was tabled until the board makes out a tentative budget for the coming year. In this manner they can decide what amount can be allotted to salary increases and how it will be distributed.

A report on the educational budget was given by Lyman Teague, secretary of the board. The annual budget amounts to \$118,500. In his mimeographed report, Teague pointed out that as of Feb. 1, \$57,336.95 had been spent leaving a balance of \$60,479.07.

The building budget, as of Feb. 1, was also outlined. The entire amount allotted for the year was \$41,415. The sum expended to date is \$17,648.63, leaving a balance of \$23,391.35.

Mrs. Elizabeth Cappel, superintendent of the Mokena schools, reported that the present enrollment in Carpenter Street school is 149 and 252 at Willow Crest. Enrollment dropped from 406 to 401 pupils.

Mrs. Cappel asked the board

to approve the purchase of a 16mm projector for Willow Crest school. Several board members will seek prices and report at the next meeting. Mrs. Cappel was also instructed to get prices on dark curtains for Willow Crest. She told the board that a state representative recently gave an educable mentally handicapped test to one of the youngsters in school. She plans further contact with New Lenox and Frankfort in an effort to set up and EMH program in the Lincoln-Way area.

Board President Robert Geuther asked Board Member Norval Robinson to study a booklet outlining the procedure of an insurance appraisal of the school buildings and property in regard to insurance rates and the amount presently being carried. Robinson will investigate firms that do such appraisal work.

The payroll and substitute teacher payroll were approved by the board as well as routine bills. It was announced that the Mokena grade school state aid claim was okayed.

A discussion of the sale of a lounge in the Carpenter Street school office was tabled until next meeting. The board is seeking offers for the lounge which is for sale.

## Municipalities Get Share Of Sales Tax From State

Municipal sales taxes collected in December on business done in November have been allocated to the cities and villages who have chosen to share in the huge pot collected by the state for this purpose.

Before the state took its bite of 4% for its part of the work in collecting the tax gross figure of \$4,667,046 and the amount that went to the counties grossed \$263,442.

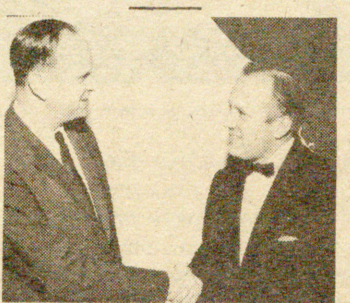

The collections, from 1,116 cities and 53 counties, represents tax of one-half cent on retail sales.

## "Students Of The Month" Named At Lincoln-Way HS

A senior, sophomore and a freshman were named as the Citizen of the Month at Lincoln-Way high school last week.

Skip Kruzich, the senior, was cited by the student council for his excellence on the field and in the classroom. He is an outstanding athlete as well as a member of the National Honor Society. He is also president of the Industrial Arts Club. Sophomore, Jaunita Hansen is selected for her work in leading the rousing enthusiasm for the Lincoln-Way basketball team.

The selection was made, according to the student council, "for her contribution to school spirit." She is president of the Pep Club. She is also the manager of the Fresh-Soph Cheerleaders.

Tom Fee, freshman, was selected for his devotion to detail work in the Student Council. He is a member of the concessions committee of the student council and has been more than faithful. The student council vice-president feels that he has made this committee function.

## Turns Down Request For Multiple Housing Zoning

In the absence of any building plans, or a representative of the firm, the petition of Olden & Jones Construction Co. for rezoning of four lots on Railroad st., Frankfort from a single to multiple family type of home area, was refused by the village zoning board of appeals.

A letter was to be sent to the petitioners by the village board apprising them of the action. A copy of the village zoning code was to accompany the letter.

Village board members pointed out that persons asking zoning changes, especially those in the construction business, would be time and perhaps money ahead if they spent a dollar for one of the booklets setting up Frankfort's zoning regulations.

The Frankfort code requires 1,600 square feet as a minimum for residential space for a single family. Conrad J. Oetter, secretary of the zoning board, told the village board that no plans accompanied the Olden & Jones petition so it was impossible to tell how many apartments were planned or the size. The property involved is a part of William Kamp estate.

A group from Lincoln Meadows, with Mrs. William Kohl-bacher as spokesman, appeared before the village board to urge action to improve the physical appearance of some of the area. They would like to make it mandatory that all construction be completed within 18 months; yards brought to grade and planted with grass, and residents required to use garbage and refuse containers with tight lids. The village action has already taken action to eliminate problems caused by failure of some owners to connect their properties with the sanitary sewer system.

Bills totaling \$11,289.02 contracted in construction of the sewer were allowed by the

board. This figure includes \$7,596 allowed the D'Andrea Const. Co., \$2,000 to Gaskill & Walton who built the treatment plant and \$1,000 engineering fees. Village Engineer Robert Hamilton was authorized to purchase laboratory equipment, chemicals and a pump for the treatment plant.

## School Board Candidates May File Now

FRANKFORT

Two places are to be filled on the Frankfort grade school board in the annual election which will be held this year on April 8. The Frankfort grade school is in Dist. 157-C.

Whether the two men whose terms expire, Vernon Hansen and Floyd Patterson, will be candidates for re-election was not apparent but of course the first day for filing was yesterday and the last day is March 18.

As of the first of the week the only petitions taken out were those for Dr. Otto Novata.

Petitions may be obtained from the board secretary, Mrs. Wilbur Hossbach, Center road, Frankfort.

NEW LENOX

Three present members of the New Lenox school board have signed statements of candidacy in the coming April 8 school board election.

Terms expiring are Evans W. Drotts, board president; J. Earl Robinson, board secretary, and Harlow Jensen. The trio plans to run again.

The first day on which petitions may be filed was Wednesday, Feb. 22, and the deadline is March 18. The last day for withdrawals is March 21.

## 3rd Annual Flower Show To Be Held March 11-19 At McCormick Place

The rain in Spain does stay mainly in the plain and that's why the Spanish patio garden, especially designed for the third annual Chicago World Flower and Garden Show, March 11-19, at McCormick Place, was developed for a hot dry climate.

According to Harold Klopp, Palatine landscape architect, who planned the garden, "We used as much water as possible to create a cooling effect."

The main feature of the garden, 20 by 50 feet, is a large Moorish pool, in the square patio at one end which connects by means of a tiny canal to a circular pool with a large fountain at the other end. A pathway bisected by this canal travels on from the patio to this focal point.

Mrs. Josephine Biga has returned home from St. James hospital where she had been a medical patient.

Mrs. Joseph Gudgeon gave a family dinner in honor of her son Danny's 13th birthday.

Worship service—10:45 a.m. and 7:00 p.m.; Sunday School—10:00 a.m.; Wednesday evening prayer service at 7:00 p.m.

Grass is a luxury in Spain, Klopp says, so it is used sparingly. The main surface coverings are brick tiles or flagstone.

Since Spanish homes are usually of stucco and very plain, shadows play an important part in the beauty of a garden. The garden will show three olive trees, set in ivy beds, giving shade to the pool and fountain area. Leading up to the pool, in a blaze of orange glory, will be two huge beds of lantana (244 pots), which will provide color interest. Other tubed plants will include white oleander, in each corner of the patio, and roses.

Architectural features of the garden will be the white stucco benches and walls of the patio, which will be trimmed in blue, red and gold mosaic. This traditional Spanish colors. This design will be repeated in the mosaic border of the pool.

The Spanish patio garden is one of the five gardens of the World planned for the Chicago World Flower and Garden Show, which will be the biggest flower show ever presented

## New '61 Chevy with Jet-smooth ride!

Impala 4-Door Sedan—Jet-smooth traveler that rivals the luxury cars in everything but price

The '61 Chevy loves to go because it goes so well. Purrs along pavements like a happy tabby. Takes rough roads in stride and all roads in style.

Just why does a Jet-smooth Chevy treat riders as royally as the high-priced luxury cars? It all came about through a delightful blend of Full Coil suspension, precision-balanced wheels, unique chassis cushioning, and a superb Body by Fisher insulated to hush away road sounds. All this adds

up to less sway, less bounce, less dip, less dive, less tilt, less noise, less... well you name it.

Now combine this Jet-smooth ride with conveniences to pamper you and roominess to relax in. Add a full measure of quiet good looks. Voila, you've got Chevy's formula.

And the proof is in the riding. When you sample a Jet-smooth Chevy at your Chevrolet dealer's we think you'll find it just to your taste.

## Mary Lou Goes Shopping

Sure like the Country Casual's shop in the Orland Park Shopping Plaza, they have a lot more room to display their usual fine quality merchandise. The Plaza is getting closer, all the time, to becoming a complete shopping package. The old standbys, the Orland State post office, IGA Foodliner, Kosnar's Walgreen Agency, and Orland Park Cleaners, have a Gamble Store and a Hawkins Store for neighbors. Across the street from the Plaza, the laundromat and the new delicatessen are a real convenience for busy folks.

I'm lucky, got another letter in the mail; This one from a neighboring mayor who says his name is also Mary Lou. He wants to know what he can do about the numerous telephone calls he receives all hours of the day and night. Before we get to the answer, I won't reveal your name, but I know it's not Mary Lou, and I do know the boys call you "Pinky". Answer: Forget to pay your telephone bill, you'll no longer be bothered. But, perhaps you should just hang on; with the competition you have on the forthcoming ballot, you may have no worry after

walter and family of Grayslake were weekend guests in the home of Mr. and Mrs. Lester Heisner. Sunday afternoon the Bookwalters and Heisners visited with Mr. and Mrs. Lloyd Heisner and family. Other guests were Mr. and Mrs. Francis Lund and children of Gardner.

Last Friday evening Dr. and Mrs. Merle Otto entertained his brother, Dr. Claude and family and their parents Mr. and Mrs. Ralph Otto at a dinner in their home in honor of the latter's 48th wedding anniversary.

Saturday afternoon Mr. and Mrs. Harry Rader of Bloomington visited Mr. and Mrs. Ralph Otto in the Claude Otto home.

Sunday dinner guests in the home of Dr. and Mrs. Claude Otto were Mr. and Mrs. Ralph Otto and the Dr. Merle Otto family. Later in the day Mr. and Mrs. Lawrence Christiansen of Plano were visitors. Mrs. Christiansen and Mrs. Ralph Otto are sisters.

the election.

Speaking of elections Mokena has two tickets and an independent candidate looking for seats in the village hall. Phil Hacker and Charles Hostert, incumbent trustees, will not run. They'll be missed at the board meetings. Both have done a fine job.

You've got to be a politician in the kitchen to figure-out meals that will continually get you a majority vote from the family. Here is a Lenten menu suggestion that is sure to keep your Gallop rate high.

If you've been neglecting fish as a source of fine - flavored dishes and of economy as well use Lent as an excuse to feature this important food. Study your food advertisements this week and you will find some splendid buys. Of course, now with every store displaying quantities of frozen foods there is year 'round opportunity to serve fish in great variety. Why not try sardines with spice sauce tonight? 1 can sardines 2 cloves of garlic, 1 tablespoon chopped onions, 1 tablespoon chopped green pepper, 1 tablespoon prepared mustard, 1 teaspoon dry horseradish, 1 tablespoon water, 2 tablespoons salad oil, 1/2 teaspoon salt, 1/2 teaspoon paprika, 1/4 teaspoon

## Coffee Keeps Burton Going On 12 Hour Show

Listening to Linn Burton guiding "Chicago Orbit" on WCLM-FM for 12 hours on Saturdays and 6 hours Sundays, you'd never detect a trace of Coffee Nerves. The amazing thing, Burton feels undressed if he doesn't have a cup of coffee in front of him at all times. The steady twelve hours at the

black pepper., juice 1/2 lemon. Arrange the sardines on a platter. Place slices of lemon, tomatoe and pickle on the platter as a border.

Crush the garlic in a mixing bowl. Add the mustard, dry the remaining seasoning. Blend well and pour over the sardines.

Economy Food Mart in New Lenox has a money saving price on Hills Brothers coffee this week.

WCLM microphone, requires close to 30 cups of steaming brew. Not satisfied with the ordinary sized cup, which he used the first weekend of the show, (Feb. 4) Linn brought his favorite giant coffee mug from home. The number of refills remained the same but his personal coffee mug holds three times as much as the ordinary home-style coffee cup.

Linn takes little time out during the eighteen continuous broadcasting hours of the week-end "Chicago Orbit." Starting at 8 a.m. he'll nibble on a sweetroll interspersing records with sips of hot Java. The last count was six sweetrolls in 12 hours, on Saturday, four doughnuts and fourteen Burton-sized mugs of coffee on the six hour Sunday Orbit.

## Gestapo Methods

Trouble in the Congo with repurcussions in the United Nations has pretty well occupied public attention for the past 10 days or two weeks.

And the sounds of strife and arbitrary police action in trouble spots abroad drowned out echoes of gestapo or ogpu tactics in our own country.

Recent news dispatches told of midnight police raids in a New Jersey town. Sixteen persons were taken from their beds and hauled off to jail. Bail was placed so high that the prisoners had to remain locked up over night.

They were not guilty of murder; not guilty of treason, kidnapping, robbery, arson or any other crime of violence. In fact they were not guilty of any crime whatsoever, yet they were dragged out of their homes at midnight with the same brutal disregard of their rights as any victim of any police state.

The only thing these people had done to incur such treatment was failure to return library books they had borrowed. The dispatches say the police action was very effective, that scores of persons who had overdue books were streaming into New Jersey libraries.

Shooting a couple of the book borrowers probably would have served as an example too and quite likely would have had the approval of the library board, which apparently has adopted one of the tenets of Communism--that the end justifies the means.

It seems somewhat extreme to us--staging midnight raids and the filing of criminal charges in order to speed the return of library books.

It has always been our understanding that a library customer was subject to a fine of a penny or so a day for everyday a book was overdue and if he lost a book or for some other reason failed to return it, he or his sponsor, co-signer or whatever, was liable for the value of the book.

Jailing people for debt is no longer permissible in this country except under exceptional cases in which the person causing the arrest is also responsible for boarding such prisoner.

We fail to see how a book borrower could be charged with larceny anymore than could a borrower of money who failed to satisfy the loan. It would seem to us that the recourse of the library board would be to sue the borrower and his security--if any--and recover the amount the book cost plus costs of the suit etc.

We think the tactics adopted by the New Jersey library people are taken out of the pages of the gestapo guide book. We are surprised that the police employed would have any part of it. We understand that one or more of the persons so handled have gone to court about it. We wish them success and hope that they recover substantial damages from members of the library board as well as the arresting officers or their bondsmen.

It disturbs us to know that someplace in our country are people who not only think along the line of police state leaders but actually follow their methods.

The midnight invasion of a home by an armed squad, the hauling off of occupants to jail on flimsy charges are police state methods and calculated to bring terror to all citizens. If such methods are left to go unchecked it wouldn't be difficult for the big government crowd to proceed along the other lines that lead to dictatorship.

Let us hope it doesn't happen here. It could, you know, if we aren't constantly on our guard.

## On Second Thought

By GLENN F. LOGAN

What effect does TV have on the minds and behavior of children? All right--you are tired of that one. Then how about this...what effect does TV have on the minds and behavior of adults.

Women whose husband's turn on football, basketball or baseball games and then stretch out on the davenport need not answer.)

A recent trip around the TV dial shows the western scene still dominates and that the cool, calm, steady-eyed lawman continues to pass out lumps to the rootin' tootin', shootin' badmen.

Sometimes, of course, the lawman simply guns the badman and leaves him for the buzzards to finish off. At other times, however, he binds him fast and brings him in to town, leading him trussed up along the street to be hooted at and jeered by the people. Parading bound captives is an ancient custom, especially by those wielding dictatorial powers.

This department was somewhat disturbed last week in seeing pictures and reading news dispatches dealing with the jailing of some of the executives of electrical companies found guilty of violating the anti-trust act. As far as your correspondent is concerned the men involved should have been sent to jail but they had come into the U. S. marshal's office voluntarily and signified their readiness to begin their terms. They had not committed any violent crimes; they were not violent men; they were not men who would have attacked the accompanying officers and fled while on their way to jail.

But from the pictures one might have thought that the Jesse James crowd or the Dalton boys, or the directors of Murder Inc., were being conducted to prison.

They were handcuffed in pairs and led away under armed guard.

We should all hope that the marshals involved had just been seeing too many westerns and that they were not really flexing their muscles, and had a rush of power to the head.

Most men in the law enforcement business that this writer has known have been a patient lot and know how to use authority. They don't abuse it and that is the way it should be.

Once in awhile a man gets too big for his badge. Your correspondent recalls a law officer once who liked to read westerns. He took to wearing a Stetson and grew a handlebar mustache. Then he started trying to live up to hat and mustache after the manner prescribed by the authors of tales of the early West.

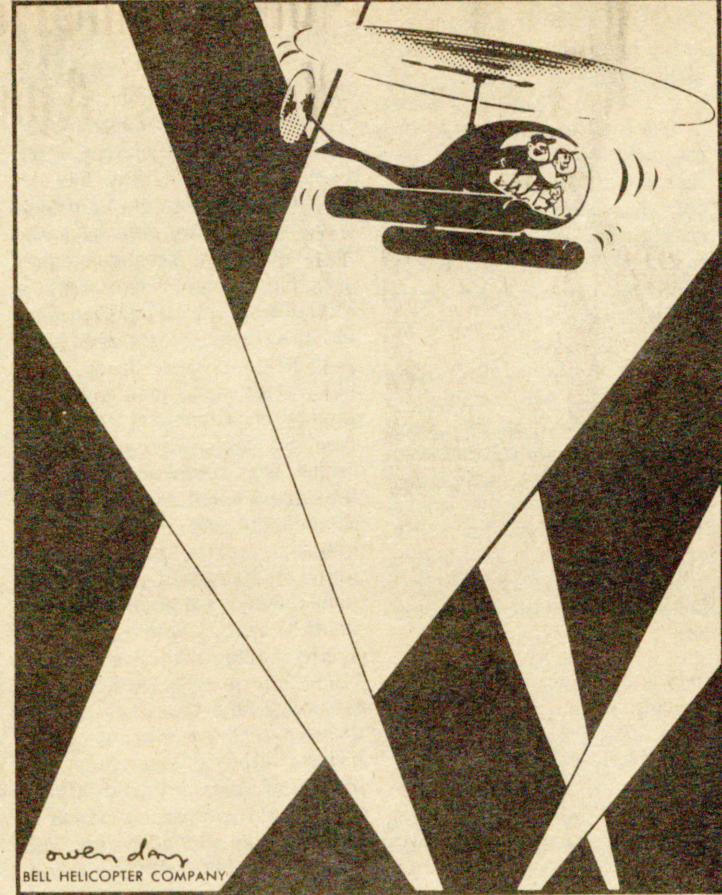

If he had stopped there it would have been alright but he took another step. He became not just an officer of the law but the law itself.

The change was gradual. First he began getting tough with drunks, pushing them around and now and then bopping one with a blackjack or pistol barrel, especially when he was a little on the drunk side himself.

Then a couple of times he pulled a pistol at sandlot ball games and threatened the umpire. People are always threatening umpires with mayhem or sudden death so little was thought of his action, altho there were some who contended that pulling a pistol on an umpire was going a little far.

One day this officer took a couple of shots at an umpire. There would have been some trouble over that but it was discovered that the umpire was a cousin of sorts of the law.

## 'COPTER CARTOON by owen day

"These searchlights are giving me a terrible guilt complex!"

man so the attack was ascribed to a family difference and not intended as one against the great game of baseball. However, the officer was transferred to a different area.

He came home once--this was during prohibition--and in the course of the evening encountered one of his brothers in a speakeasy.

The brother was just hoisting a glass of grog and the sight infuriated the lawman of the family. Whether he wanted to do all the drinking for the family or he saw his brother as a law violator was never clearly established but out came the pistol.

He would have scored too but for the fact that some thoughtful standing at the bar near him drinking a bottle of beer wallowed him with it--on the wrist--a split second before he squeezed the trigger. The bullet went into the floor and everyone went out thru the doors, including the peace officer.

An hour later he met his brother on a street corner and pushing his pistol against the brother's head, declared he was going to blow his brains out. "Try it on yourself," the brother said, "and I'll lay you twenty to one you don't hit anything."

The odds were certainly tempting, at least tempting enough for the lawman to think it over for a minute and in that interval a friend in the group that had gathered about the pair stepped up and disarmed the officer.

He was able to keep his badge thru political connections but a month or so afterwards he made the error of stepping out in the middle of a downtown street and firing several shots after a pair of delinquents who had jerked free and ran while he was escorting them to jail.

He didn't hit anyone, fortunately, and before he could empty the gun a policeman who came around the corner at the moment, said: "Excuse me, officer," and rapped him over the head with a night stick, and then called an ambulance.

Shooting at umpires or his brother was one thing but indiscriminate shooting that might have knocked off a number of voters and alienated hundreds of others, was something else so his political connections backed away and away he went.

Power and authority can be heady things. It is to be hoped that the deputy marshals who took the electric company officials to jail don't have to take any little old ladies to prison for playing bingo within the near future.

It is quite possible that they would not only handcuff them but would use leg irons too.

## Business & Finance

By MAURICE P. ANGLAND

Some commentators with political backgrounds, have been making rather pessimistic predictions for the near term business outlook and insisting on the need for "pump-priming" to get the economy on the upgrade again. However, the action of the stock market would indicate considerably less pessimism as to the future of business.

Total volume of trading on the securities markets, has been comparatively large for several weeks. Institutional buying has been evident. Some analysts believe that the governmental budget is headed toward much higher levels in the next decade. A report by the federal budget bureau just before the end of the Eisenhower administration, predicted an increasing budget which would reach close to \$100 billion by 1970 and this without big new programs with added costs. Estimates on the budget by 1970, on the basis of the expected new programs, are around \$120 billion. The present budget is about \$78 billion.

The report anticipates that the national debt will likely reach to about \$350 billion by 1965. Assistance from other countries in carrying the whole burden of aid to underdeveloped areas of the world, is expected to lessen our burden in this respect. However, it is anticipated that there will be periods of considerable budget deficits. Analysts point out that whether advisable or not, budget deficits do stimulate general business on a near term basis. Due to unemployment and the business slow down, it is expected that there will be a deficit of about \$1 billion in the federal budget, at end of the fiscal year - June 30.

Standard & Poor Investment Service states it is not unusual for a market rise to run ahead of business recovery, but that it is unusual for industrial stocks to reach new highs while a business recession continues. This service believes this action reflects the belief that a business turn is near. The service, however, suggests caution in pushing prices too high prior to a definite turn in the business picture.

Department of commerce predictions are that electronic production at factory prices, will reach \$6.8 billion in 1961 and that the industry will do more than \$2 billion in research activity. Defense demands for more and better electronic devices and the increasing demand for automation, are stimulating electronic activity.

## Hints For Homeowners

By: JAMES FIZZELL, ASS'T. FARM ADVISER

Soil tests help you by telling what to add to your lawn or garden to get the best plant growth. Testing in late winter lets you correct soil nutrient difficulties before spring growth begins.

Soil testing primarily tells whether the soil is acidic, neutral or alkaline, and how much of each plant food is present in the soil. Soil that is too acid or too alkaline causes plants to be weak or stunted. Their roots cannot develop properly and cannot make use of plant foods already in the soil.

Improper soil reaction can be corrected by the addition of lime or sulfur. Limes reduces acidity. Sulfur or aluminum sulfate will increase acidity.

Nitrogen, phosphorus and potassium are the major plant food elements, and each is necessary in the correct amount for good growth of plants. Nitrogen stimulates quick growth and causes the dark green color of healthy leaves. Phosphorus is necessary for root growth. Potassium increases plant vigor and disease resistance.

Ordinarily it isn't necessary to test soils for minor elements such as copper, zinc, boron and others. Most soils contain enough of these elements to supply the very small amounts needed by the plants. Also, many fertilizers and

water supplies may contain small amounts of these materials.

Fertilizer may be applied without testing the soil. Using recommended rates probably will not cause an oversupply of plant food, however, in doing this, some plant food may be added which is not needed. It is quite easy to over apply materials used to correct soil reaction. Too much lime or sulphur can easily make the soil too alkaline or too acid.

If you would like to have your soil tested, the Cook County Soil Testing Laboratory will do it for a nominal fee. Take a little soil from several places around the garden or lawn to a depth of 4 to 6 inches. Mix the samples well, then take a cupful as the sample to be tested.

If your soil is not all the same, send samples from more than one place. Mark the samples so you know which one came from each area, and also indicate what plants are growing in it. Let the samples become air dry before mailing.

Address the package to: Cook County Soil Testing Laboratory, 131st & Bell Road, R/1, Lockport, Illinois and enclose \$1 to cover the cost of testing each sample.

Following the tests, the testing laboratory will recommend the type and amounts of materials needed to improve your soil.

## The Upper Room

Read Romans 11:1-6  
He fell to the earth, and heard a voice saying unto him, Saul, Saul, why persecutest thou me? (Acts, 9:4)

When I was a pastor in Lap-

portment, The general accounting office recommends even greater use of these devices, but advises better planning on such use. The use of computers requires trained staff that are able to translate information desired, into a special form for use by the computer. If this is not done properly, the computers "can become extremely fast morons" and capable of "making mistakes faster than ever before possible."

National Cash Register, International Business machines and private groups, have been setting up service centers where firms that do not want to purchase computers, etc. or acquire the trained staff, may bring their data for processing.

National Cash Register is now starting to open such centers which will have costs within range of smaller firms. This could make the competitive position of the medium and smaller firm, very much better.

land, a man stopped me on the street one day and asked to talk with me. We went to my home. He told me how God had spoken to him during a hike in the mountains. He told of his sins and of his decision to begin a new life. "Let us go down to the church altar and pray," he suggested, after he had told his story.

As we entered the church, he looked up toward the ceiling and said, "I worked here as a carpenter when this church was built. Because I hated the church then and didn't like seeing this building constructed, I said more curses than there are nails in this building."

He was truly converted and born again. From being a denier and persecutor, he became a faithful and conscientious member of the church. As long as he lived, he remained a devout Christian, rejoicing in the Lord and always willing to serve Him.

PRAYER: Lord Jesus, Thou canst convert a persecutor and make of him a follower. Reveal today Thy power to change the hearts and minds of those who these days go astray. Grant us courage to witness to Thee and to guide others to find in Thee forgiveness of their sins. In Thy blessed name we pray.

THOUGHT FOR THE DAY  
Christ can change the sinner of today into the saint of tomorrow.

## Former New Lenox Pastor Gets DS Award At Kewanee

The Rev. Harris C. Mooney, better known as Father Mike and formerly affiliated with the Grace Episcopal church at New Lenox, recently received Kewanee's 1961 Distinguished Service Award.

The 27 year old pastor is rector of St. John's Episcopal church at Kewanee. He was singled out as the outstanding young man of the year at the annual Kewanee Junior Chamber of Commerce awards banquet.

In accepting the DSA award, Father Mooney stated, "All I am doing is representing the hard work of the people of the parish. The award actually belongs to my parish more than it does to me."

The judging committee made this statement about Father Mooney, "His enthusiasm, drive, zeal, and courage to make a challenger out of every obstacle he meets has strengthened his faith and is nourishment for him to do more. He is young in years, but already rich in experience, small in stature but big in heart and one who has proved early in life it is great to be great but it is great to be human."

Father Mooney was born Feb.

18, 1933, at Gainesville, Ga. He has a degree in journalism from the University of Georgia and was graduated Cum Laude from Seaberry Western Theological seminary at Evanston.

He is married to the former Mary Lou Maynard and they have three children, James, Christopher and Mary. The Mooneys went to Kewanee from Bessemer City, N. J., four years ago. In June of 1954, Father Mike served as a lay leader at the Grace Episcopal church in New Lenox. At that time, he was too young to become an ordained minister.

# Lincoln-Way Downs Bremen Five 62 To 48

## Win Over Mustangs Tomorrow Gives Knights Clear Title

BY BILL SLUIS

In their last home court appearance of the season, the Lincoln-Way Knights handed the Bremen Braves a 62-48 trouncing Friday night. The victory, which was the 22d of the year for the Knights, assured them of at least a tie for the SouthWest suburban championship.

It was the second meeting of the two SWS foes. The Knights won the first game at Bremen by a 49-30 score. The Lincolns were left with a 12-1 conference slate and an overall mark of 21-2. Bremen was left with a SWS record of 8-5.

Scoring leader was Duane Warning, who laced the nets for 22 points. The big center tallied half his points during the second quarter. Close behind Duane was Skip Kruzich, who arched in 20. Fred Cornish and John Ragsdale of the Braves each added 14.

Bremen put up determined resistance during the entire game, but the Knights managed to outpoint the Braves in every quarter. Lincoln-Way led 10-7 at the close of the first period. At halftime the Knights had built a 25-17 advantage, thanks to big Duane Warning. The 6' 6" pivot man was all over the court with rebounds and scored 13 big points before the intermission.

After a cool first half Skip Kruzich pumped in 16 points in the closing stanzas. His flurries paced the Knights to a ten-point lead at the end of the third lap, 45-35.

The Knights drifted home as easy victors. With a minute and a half remaining coach Joe Kruzich began to pull out his seniors to the resounding applause of the overflow crowd in the Lincoln-Way gym. The seniors are: Duane Warning, Bob Lichtenwalter, John Kropp, Skip Kruzich, Wayne Lauffer, and Al Waldvogel.

It was the final home game of the 1960-61 season for the triumphant Knights. They were left with a homecourt record of 11-1, the very finest in the school's seven-year history. It will take a tremendous team to top this record.

Tomorrow night marks the closing of another year of basketball. The curtain will fall at Evergreen Park, where the Knights of Lincoln-Way will battle the Mustangs to try to clinch the 1961 SouthWest Suburban crown. The varsity contest will begin at 8:00 p.m.

Wednesday night, March 1, the Knights will take part in opening round action of the Joliet Regional tournament. The opponent will be the Lockport Porters. The semi-final and final games will take place Thursday and Friday evenings. Knights 10 15 20 17--62 Bremen 7 10 18 13--48

## Hails Start Of New Lane

The recent ground-breaking for the building of a 16 lane bowling center at 11025 Southwest Highway has been praised by Harry Giegler, president of the Palos Bowling Association as "a wonderful event reflecting the healthy increase in recreational facilities for our community."

"There are over 50,000 league and casual bowlers in our Southwest Suburban area now enjoying America's most popular participant sport," Giegler said. "The building of Palos Bowl will provide opportunities for more and more Palos area residents to discover the fun and excitement of bowling."

## Orland Grade School Plans Cage Tourney

Orland Park elementary school will be host at an invitational basketball tournament to be held Friday and Saturday nights (Feb. 24 and 25) in the school gymnasium.

Besides the host team the others entered are from St. Michael's, also of Orland Park, Palos (West) and Oak Ridge. Palos and Oak Ridge will meet in the first game Friday night, starting at 7 o'clock. The second game will see St. Michael's pitted against Orland Park.

## Cheatwood Will Wrestle For State Championship

Cliff Cheatwood, champion wrestler in the 103-pound division at Lincoln-Way high school will go to Champaign this weekend as the school's only representative in the state wrestling finals.

The last time the school was represented in the finals was in 1958 when Woody Zitter participated and finished fourth. It was Zitter who had held the best season's record at Lincoln-Way with 12 pins. Now the record goes to Cheatwood who won 14 matches by falls this season.

Cheatwood's overall record for the current season is 21

wins, one tie and three losses.

He qualified for the state finals, by winning in the district meet at Sandburg and placing second in the sectional at Blue Island last week-end. Cheatwood won two matches by falls in the sectional, pinning Hodges of Thornton in one and Hanson of Thornton Fractional, South, in the other. He lost a decision in the final match against a Blue Island entry.

Ron Larsen, mat coach at Lincoln-Way who has been high on Cheatwood all season, thinks the lad is sharp enough to have a good chance to win the state.

## Knights Rout Plainfield 66 To 36 After Slow Start

Despite a slow start last Tuesday night, the Lincoln-Way Knights took an easy 66-36 victory over the Plainfield Wildcats. The non-conference tilt, staged before a sparse crowd, left Lincoln-Way with an overall record of 20 wins and 2 losses. Plainfield was left with a 5-16 mark.

Duane Warning and Skip Kruzich of Lincoln-Way were top scorers, each garnering 25 points. Ed Rinehart dropped in 10 for the Cats.

Both teams made a slow start. Thanks to a cold shooting on both quintets, the score at the end of the first round was L-W 8 Plainfield 6.

With Duane Warning tallying nine points, in the second quarter the Knights moved in front to a 25-19 advantage at half time. Several of Warning's buckets were gotten when the big center reached up and dunk-

ed errant free throws.

The Knights, after a very cold first half, set the net ablaze the third quarter. The Knights hit the target on 11 of 17 shots for 65 per cent. Skip Kruzich scored 12 points as the Knights outpointed Plainfield three-to-one. A 49-27 margin had been built by the start of the final segment.

The Knights coasted home as easy victors, outpointing the Cats 17-9 in the fourth quarter for a 66-36 final. It was the first skirmish between the two teams in the newly erected Plainfield gymnasium.

Lincoln-Way also captured the Fresh-Soph battle, winning a 48-31 duel. The victory left the sophs with a 13-3 record for the season.

Varsity Score by quarters:  
Knights 8 17 24 17 --66  
Plainfield 6 13 8 9 --36

## Vikings Avenge Early Defeat By Sandburg, Win 60 To 43

BY DAVE GANZOLEZ

The Sandburg Eagles went down in defeat against the Homewood Flossmoor Vikings last Friday evening at the Eagles gym, 60-43. It was a contest that had many Eagle supporters wondering if the home squad was suffering from a vitamin deficiency that affected its eyesight. For some unexplainable reason Sandburg, usually proficient in scoring, couldn't seem to hit the hoop from any area of the court. Percentage wise they missed about one half of their free throws as well.

The first quarter started rather evenly and ended the same with the score showing 12 points for each team. In the second quarter there was a clock malfunction and it was necessary to use a desk timer for the remainder of the game. This seemed to be a much longer period than either team had endured to date. At the half the Eagles trailed the Viking by four points 26-22.

The Sandburg varsity was laboring under the strain in fouls. In the third period both Duane Erickson and Lance Roberts had accumulated four each which rather curtailed activities for these two stalwarts of the Eagle offensive.

Until the end of the second half the lead changed back and forth quite often between the teams, however the third quarter saw the predicted win taking form and there wasn't any question there after. The Vikings were still smarting from their defeat at the Eagles hands last month and were out for blood in this one.

The final quarter was played pretty much the way the Vikings wanted it to go. A game Sandburg team tried to turn the tide but without success. Chances for stemming the tide were hampered by the loss of Bill Gourney via the foul route.

The win over Sandburg guaranteed second place at least in conference play for the year for Homewood. Final score of the game Homewood Flossmoor 60-Sandburg Eagles 43.

High scorer, for the Eagles was Duane Erickson with 13, followed by Ron Lindgrens 11 markers. Homewood Flossmoor's top scorer was Dave Maga with 22.

Percentage wise both teams were below par for the game Homewood showed a .382 percentage on field goals and .643 on free throws against the Sandburgs rating of .266 on field goals and .450 on charity tosses. Score by quarters,

The Eagles next and final game before the district tournament will be played at Bremen tomorrow night.

Starting Feb. 28 the state regional opens at Harvey, where Sandburg and Bremen both play.

Game 1, Feb. 28 at 7:00 p.m. will be played between Harvey (Thornton) and Thornton Fractional North.

Game 2, Feb. 28--approx 8:30 p.m. will be played between Sandburg and Thornton Fractional South.

Game 3, March 1, 7:00 p.m. will be played between Blue Island and Morgan Park Academy.

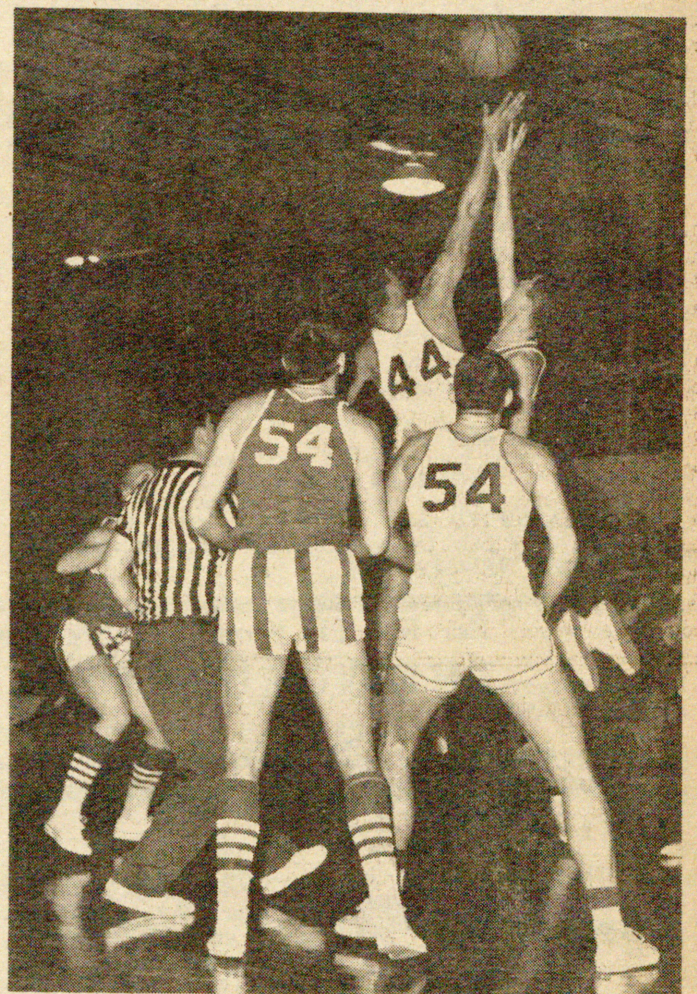

Game 4, March 1. Approx 8:30 p.m., between Bremen and

Thornridge.

Game 5, March 2 - 7:00 p.m. will be the play off between the winners of game 1 and 2, and at approx 8:30 the winners

of game 3 and 4 will meet.

The championship playoff will take place on Friday night at 8 o'clock between the winners of game 5 and 6.

REFEREE IN THIS PLAY TOO apparently because there he is right with the players. What happened, of course, is that he tossed the ball up for a jump and didn't back out fast enough to escape the rush. The lad sporting No. 44 is Sandburg's Bill Gourney. Lance Roberts is wearing #54. Those in the striped pants are the Vikings of Homewood-Flossmoor.

### Party At Maue School

#### 4-H CLUB NEWS

A Valentine party was com-  
bined with the regular meeting  
of the Alpine Girls 4-H Club on  
Feb. 11 in the Maue school.  
Janis Gee, vice-president  
opened the meeting. In addi-  
tion to routine reports given,  
members discussed plans for a  
bake sale to be held at Yunk-  
er Implement, Saturday, March  
4. Joan Stellwagen and Elaine  
Yunker gave a First Aid demon-  
stration on artificial respira-  
tion. The meeting was adjourned  
with the 4-H pledge.

Following the meeting the  
members made artificial flow-  
ers to be used in a window dis-  
play during 4-H week beginning  
March 2. Record books were  
distributed by Mrs. Harwood  
Stellwagen, leader of the group.  
Refreshments were served by  
Rosemary and Kathy Doctor.

Laurel Camp #1796 Royal  
Neighbors will meet for their  
regular meeting, Tuesday, Feb.  
28 at 8 p.m. in the fire hall on  
Beacon Ave. Members urged to  
attend.

Mr. and Mrs. George Estand  
celebrated their 41st wedding  
anniversary, Tuesday, Feb. 14.  
AMONG THE SICK  
Earl Moore is a patient in St.  
Joseph Hospital, Joliet. He has  
a ruptured disc in the spine and  
has been placed in traction.

Mrs. Edward Steinfart has  
been a patient under treatment  
the past two weeks in St.  
Francis Hospital, Blue Island.

Christ Yunker was taken to  
Decatur Hospital a week ago  
Wednesday; suffering with com-  
plications and is reported quite  
ill.

The outline of the program  
"The Friendly Cup", was pre-  
pared by a soup company, and  
presented by Mrs. Adele Cooper  
and Mrs. Stewart Loebe at the  
Woman's club meeting last  
Wednesday in the Community  
Center Foundation. While read-  
ing the new ways of serving food  
and various type of dishes, the  
members were served bouillon  
and crackers. Frank Guetter,  
police commissioner, spoke  
about the work of the police de-  
partment and what parents can  
do to assist them. Refreshments  
were served by the following  
hostesses, Mesdames, Harry  
Phil, Forrest Miller, Ray Doc-  
tor, R. J. Campbell and Adele  
Cooper.

The March Red Cross cam-  
paign for members and funds in  
LaGuna Woods will be headed  
by Mrs. Tom Verhagen, 137th  
and 80th avenue.

Army Pvt. Paul D. Mell, son  
of Mr. and Mrs. Edward F. Mell,  
9853 West 145th street com-  
pleted the eight-week finance  
procedures course Feb. 10  
under the Reserve Forces Act  
program at the finance school,  
Fort Benjamin Harrison, Ind. He  
was trained in matters relat-  
ing to the acquiring, disbursing  
and accounting of funds.

Mell is a 1956 graduate of  
Carl Sandburg high school, a  
1958 graduate of Thornton Jun-  
ior College and a 1960 graduate  
of Lewis College of Science  
and Technology.

A special Valentine greeting  
was received by Mr. and Mrs.  
George Estand on the announce-  
ment of the birth of a grand-  
son born to their son and wife,  
Mr. and Mrs. Ray Estand at  
Indianapolis, Ind. The baby  
weighed seven pounds and two  
ounces and has been named Dean  
Earl. The maternal grandpar-  
ents are Mr. and Mrs. Herbert  
Tappenbeck of Blue Island. Val-  
entines day, Feb. 14, was also  
the 41st wedding anniversary of  
the George Estands.

Douglas Estand and Marlin  
Rauch left Saturday evening for  
a two weeks trip to Florida;  
stopping at various points of in-  
terest.

Mrs. Karl Ekberg received a  
telegram from Holsby-Brunn,  
Sweden stating that her father  
Charles Johnson of that city had  
passed away Sunday. He suf-  
fered a stroke about five months  
ago and was taken to a rest home  
where he died.

Last Wednesday afternoon the  
fire department was called to  
the Orland Park Hill area when  
Vernon Piper, who was riding

his bicycle, was hit by a car on  
the corner of Hale Drive and  
Huntington Court. The rescue  
squad took him to St. Francis  
hospital, Blue Island, where he  
was examined and was found his  
injuries were not serious.

The fire department respon-  
ded to an inhalator call Sunday  
at Bueschel's restaurant when Don  
Ellens of 902 Mason street, Joliet,  
a patron, suffered a heart  
attack. The rescue squad, es-  
corted by the police removed  
him to St. Joseph Hospital,  
Joliet.

Mr. and Mrs. Lawrence Uthe  
of Beacon avenue have been con-  
fined in their home the past two  
weeks with the flu.

At the recent 1961 State Bud-  
get Meeting of the League of  
Women Voters of Illinois, Mrs.  
Chester Williams of Orland  
Park, represented the Palos  
Orland league.

The league is financed by  
membership dues and contribu-  
tions of public-spirited citi-  
zens.

Mrs. Williams feels that the  
public would be interested in  
knowing some of the ways the  
budget money is used and how it  
benefits the public in general.

On the National and State  
levels, the league provides an  
accredited observer at the U.N.,  
representation on Capital Hill  
and publications used by  
schools, colleges, party offi-  
cials, governmental units, busi-  
ness firms and individuals.

A Citizens Information Ser-  
vice, a non-partisan organiza-  
tion, (a group that neither sup-  
ports or opposes any political  
party) was established by the  
League of Women Voters in  
Chicago as a center to provide  
information about government  
and education in methods of ef-  
fective citizenship for citizens  
and community leaders. The  
Citizens Information Service  
will serve the public personally  
at its headquarters at 225 North  
Michigan Ave. or by telephone  
or mail.

The League of Women Voters  
is an organization that acts as a  
continuing, reliable, non-parti-  
san source of facts on govern-  
ment.
